If maintenance services are included in the above quotation or unless otherwise specifically stated in the written maintenance terms between the parties, the RCA maintenance support will automatically renew at the end of each twelve (12) month period at the rates reflected above exclusive of any first year only discounts. Prior to the end of each term, an invoice will be provided to the customer for the upcoming renewal which is required to be paid by the expiration date. Payments made after their due date will incur interest at a rate equal to one and a half percent (1.5%) per month or the highest rate permitted by applicable law, whichever is lower.

Additional Conditions :

Core software products include software developed under open source licenses listed in the Convergy's technical document 60001792, Open Source Notices Guide.

LONG DESCRIPTIONS:

Software & Licensing

Voice Portal VoIP HMP 3.0 Licenses:

Includes HMP 3.0 licenses for IP Call-Control, RTP G.711, Speech, and Voice for new VoIP solutions. These licenses are all required for VoIP systems.

VP Ent. Pro Test/Reseller 6-Port License:

The Voice Portal Enterprise Pro Test and Reseller license activates six (6) ports of Media Server VoiceXML browser and software and the associated system IVP management and reporting licenses plus the Application Engines licensing for test and reseller systems only. # Not for Production Use.

VP Test/Reseller 12 Visual Mode Licenses:

This visual mode license pack is provided with a test/reseller IVP Enterprise Pro 9.0 or later systems only. Visual Mode license enables a licensed VP Enterprise Pro port to initiate a visual mode session.

IVP 10 Ent Pro VoIP - Media:

The Voice Portal Enterprise Pro VoIP Media Kit includes the software for the Media Server VoiceXML browser, Control Center (manage, alert, deploy), AppView Reporting, Advanced Notification Gateway, State Control Engine, Data Communication Engine, Intelligent Data Portal, Customer Interaction Hub, and Development Tools, as well as associated infrastructure and databases. Voice Portal Enterprise Pro licensing sold separately.

Visual Presentation Kit 2.1 - Media:

The Visual Presentation Kit for IVP Enterprise Pro provides software that enables visual mode (IVR Anywhere) processing of telephony or WebRTC calls. It includes Visual Presentation Engine (VPE) and WebRTC JS APIs. IVP and Visual Mode licensing sold separately.
